London	Dublin	17:10	17:10	€165.00
London	Dublin	17:10	17:10	€165.00

Multi GDS content aggregation plays a vital role to cope with the challenges of GDS deregulation in order to provide travel retailers with full content integrated-inventory.

The absence of one or more major carriers from a GDS could greatly impact a single GDS travel operator, travel retailers will need tools that provide them with multi GDS capability if they want to effectively serve their customers. Ypsilon Flightpro already aggregates fragmented inventory for rates and availability from multiple disparate sources.

Airline	Stops	Flugzeit	Rückflug	Flugzeit	Type	Preis p.P. + Tax EUR
Iberia	1 Stop	04:55	1 Stop	02:45	Normaltarif	99 + 46,-
